Contract Labourers in Paradip Phosphates

624. SHRI RAMACHANDRA KHUNTIA: Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state:

(a) whether it is a fact that 1800 contract labourers have been working in Paradip Phosphates for 12 years;

(b) whether many of the jobs like slatting, loading and unloading in bagging plant, DAP plant and mechanical jobs are permanent and perennial in nature;

(c) whether these contract labourers are not getting statutory benefits like house accommodation, safety equipments, over-time wages etc.; and

(d) whether it is also a fact that the Paradip Phosphate management is not regularising the service of some contract labourers, whereas the contract labour system has been abolished as per section 10 of Contract Labourer (Abolition and Regulation) Act. 1970?

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI RAMESH BAIS): (a) and (b) Yes, Sir. Nearly 1600 contract labourers are working in different jobs contracted out PPL. The State Government of Orissa has examined the entire gamut of contract work awarded to different contractors under Section 10 of the Contract Labour (R&A) Act, 1970 and has finally issued orders on 28.4.2000 for abolition of contract jobs in two areas of DAP plant which are permanent and of perennial nature.

(c) The contract labourers are receiving all statutory benefits like Provident Fund, safety equipment and overtime wages. Providing of housing accommodation is not a statutory requirement.

(d) After the Government of Orissa's Gazette Notification dated 28.4.2000 abolishing contract labour in the following two areas of operation, Industrial Engineering studies have been undertaken to decide the posts that will be required to be filled on permanent basis.

(i) DAP plants; Cleaning of granulation dry section.

(ii) Cleaning of combustion chamber.
